

Inland Northwest Disability Action Bloc (INDAB)

The Arc of Spokane's Inland Northwest Disability Action Bloc is a group for people with intellectual and developmental disabilities, their families, and allies, to share information about legislative issues, empower those with disabilities to have their political voices be heard, and rock the disability vote!

Join The Arc's Facebook group to learn about legislation in plain language, receive tips on how to have your voice heard in quick and meaningful ways, and connect with others who are passionate about advocating for change.
